

NEXORA TECHNOLOGIES

Employee Handbook

2024 Edition — Version 3.1

Effective Date: 1 January 2024

This handbook is the primary reference for all Nexora employees. It covers your rights, responsibilities, benefits, policies, and the culture we build together. Please read it carefully and keep it accessible throughout your time at Nexora.

Section 16	Acknowledgement Form

Section 1 — Welcome to Nexora

A Message from Our CEO

Welcome to Nexora Technologies. You are joining a company built on the belief that great software changes how people work — and that the people who build it deserve an exceptional place to do so. We are proud that you chose us, and we are committed to making this one of the best decisions of your career.

This handbook is your guide to how we operate — our policies, our benefits, and the standards we hold ourselves to. It is not a legal contract, but it is our honest commitment to you about what you can expect from Nexora.

— Priya Mehta, Chief Executive Officer

About Nexora Technologies

Nexora Technologies was founded in 2014 in San Francisco, California. We build enterprise workflow automation software used by over 4,000 companies across 62 countries. Our platform helps operations, finance, and HR teams eliminate manual work and make faster, better-informed decisions.

We are a Series D company with approximately 850 employees across our offices in San Francisco (HQ), New York, London, Bangalore, and Singapore. We operate a hybrid-first model, with most roles eligible for two to three days of remote work per week.

How to Use This Handbook

This handbook applies to all full-time and part-time employees globally unless a specific section notes otherwise. Contractors and vendors are subject to their individual agreements rather than this handbook. Where local law differs from a policy in this document, local law takes precedence.

Policies are reviewed annually. When a policy changes, People Operations will notify all employees by email and update the internal wiki. The most current version is always at people.nexora.io/handbook.

Section 2 — Our Mission, Vision, and Values

Mission

To eliminate the friction between people and the work that matters, by building software that is as intelligent as it is simple.

Vision

A world where every knowledge worker spends their time on decisions and creativity, not on manual coordination and repetitive process.

Our Five Core Values

Build in the Open

We share work early, give candid feedback, and treat transparency as a default, not a reward for trust.

Customer Obsession

Every decision passes through one filter: does this make our customers more successful? Revenue and growth follow from that, not the other way around.

Own the Outcome

We do not hand off problems. We see things through. Taking ownership means caring about the result, not just your contribution to it.

High Standards, Low Ego

We hold ourselves and each other to high standards because we respect the work. Ego is the enemy of learning.

Grow Deliberately

We invest in our own development and our teammates. Growth that is unintentional is just change. We aim for something better.

Values in Practice

Our values are not aspirational posters. They are the criteria we use when making hard decisions — about products, about hiring, and about how we treat each other. During your performance reviews, you will be evaluated both on what you achieved and on how you demonstrated these values in your work.

Section 3 — Employment Basics

Employment Categories

Full-Time Employee: Works 40 hours per week. Eligible for all benefits described in this handbook.

Part-Time Employee: Works fewer than 30 hours per week. Eligible for prorated benefits. Health insurance eligibility requires a minimum of 20 hours per week.

Fixed-Term Employee: Employed for a defined project or duration. Eligible for the same benefits as full-time employees for the duration of the contract.

Intern: Typically employed for 10-16 weeks. Paid at a competitive hourly rate. Eligible for travel reimbursement and access to learning programmes but not the full benefits package.

Background Checks

All employment offers are conditional on the successful completion of a background check. Nexora uses a third-party provider to run standard checks including identity verification, criminal record (where permitted by local law), and professional reference checks. Results are handled confidentially by People Operations.

Probationary Period

All new employees serve a 90-day introductory period. During this time, your manager will conduct check-ins at 30, 60, and 90 days to give structured feedback on your progress. The probationary period is not punitive — it is a structured onboarding window designed to set you up for success.

Completion of the probationary period does not change your employment status; Nexora employees are employed at-will in jurisdictions where that applies. Benefits are active from day one of employment regardless of probationary status.

Onboarding

Your first week at Nexora follows the structured Nexora Start programme. This includes:

- Day 1: IT setup, HR orientation, and your first team lunch
- Days 2-3: Role-specific technical onboarding sessions
- Days 4-5: Product deep-dive and cross-functional introductions
- Week 2-4: Buddy programme with an assigned peer from your team
- 30-day review: First formal check-in with your manager

Internal Transfers and Promotions

Nexora encourages internal mobility. Open roles are posted internally at least five business days before external posting. To apply for an internal role, notify your current manager and People Operations. Internal candidates receive an interview process identical to external candidates. Offers require a minimum of six months in your current role unless approved by your department head.

Section 4 — Compensation and Payroll

Pay Philosophy

Nexora targets compensation at the 65th percentile of our competitive market, which we define as technology companies of similar scale in our operating locations. We review market data annually using third-party compensation surveys. Our goal is to ensure that pay reflects both the market and individual contribution, not tenure alone.

Pay Bands

Every role at Nexora is assigned a pay band based on scope, responsibility, and market data. Bands have a minimum, midpoint, and maximum. You can request to see your band at any time by speaking with People Operations. Nexora practises pay band transparency within teams at the manager level and above.

Payroll Schedule

Employees in the United States are paid bi-weekly (every two weeks, 26 pay periods per year). Employees in the United Kingdom, India, and Singapore are paid monthly, on the last business day of each calendar month. Direct deposit is mandatory. Pay stubs are accessible digitally through the Workday portal within 24 hours of each payroll run.

Annual Compensation Review

Nexora conducts a single annual compensation review cycle each year, with changes effective 1 April. Eligibility requires employment before 1 October of the prior year. Reviews consider individual performance rating, pay position within band, and market movement. Merit increases are not guaranteed; they are earned through demonstrated performance.

Bonus Programme

Eligible employees participate in an annual bonus programme based on company performance and individual contribution. Target bonus percentages by level are:

Level	Target Bonus (% of Base Salary)
Individual Contributor (IC1–IC3)	5%
Senior Individual Contributor (IC4–IC5)	10%
Lead / Staff (IC6)	12%
Manager (M1–M2)	15%

Senior Manager / Director (M3–M4)	20%
VP and above	25–35% (discretionary)

Bonuses are paid in March following the close of the fiscal year. Employees must be employed on the date of payment to receive a bonus. Pro-rated bonuses apply to employees who joined after 1 April of the performance year.

Equity

All full-time employees at IC3 and above are granted equity in the form of Restricted Stock Units (RSUs). RSUs vest over four years with a one-year cliff: 25% vests after 12 months of continuous employment, and the remaining 75% vests monthly over the following 36 months. Your equity grant amount is outlined in your offer letter. Equity refresh grants are awarded to strong performers during the annual review cycle.

Section 5 — Benefits and Perks

Health Insurance (United States)

Nexora provides three medical plan options through Aetna: a PPO plan, a High Deductible Health Plan (HDHP) paired with a Health Savings Account (HSA), and an HMO plan available in California. Nexora pays 90% of the employee premium and 75% of the premium for dependants. Dental and vision insurance are provided through Guardian, with Nexora paying 80% of the employee and dependent premium.

Health Insurance (UK, India, Singapore)

Employees outside the US receive private health insurance through locally appropriate providers. Coverage details are provided in your local benefits guide, available on the people portal. Nexora supplements statutory coverage rather than replacing it.

Mental Health Support

All employees and their household members have access to Lyra Health, our employee assistance programme. Lyra provides up to 25 free therapy or coaching sessions per person per year, accessible within 48 hours. Sessions are fully confidential and not reported to Nexora in any identifiable form.

Retirement and Pension

US employees are eligible for the Nexora 401(k) plan administered by Fidelity. Nexora matches 100% of employee contributions up to 4% of base salary, with immediate vesting. UK employees receive pension contributions under a workplace pension scheme meeting auto-enrolment requirements, with Nexora contributing 5% of qualifying earnings. India employees receive statutory PF contributions plus a voluntary NPS option with a 3% employer top-up.

Learning and Development Budget

Each employee receives an annual Learning and Development (L&D;) budget of USD 2,000 (or local equivalent). This can be used for courses, conferences, books, certifications, or coaching. Requests above USD 500 require manager approval. Unused budget does not carry over to the following year. Submit expenses through Workday under the Learning category.

Home Office Stipend

Employees designated as Remote (working from home four or more days per week) receive a one-time home office setup stipend of USD 1,500 upon joining. Hybrid employees receive USD 750. The stipend covers ergonomic furniture, monitors, peripherals, and connectivity equipment. Receipts must be submitted within 90 days of the employee's start date.

Other Perks

Monthly Wellness Allowance: USD 100/month reimbursed for gym memberships, fitness apps, or wellness activities.

Commuter Benefits: US employees can contribute up to the IRS pre-tax limit to a commuter benefit account for transit and parking.

Fertility and Family Planning: Nexora provides up to USD 10,000 lifetime coverage for fertility treatments, adoption fees, and surrogacy costs.

Employee Referral Bonus: Receive USD 3,000 for each successful referral who completes 6 months of employment. IC5 and above referrals earn USD 5,000.

Device Refresh: Company-provided laptops are refreshed every three years. Request a refresh through the IT portal.

Volunteer Days: Two paid volunteer days per year, used individually or as a team.

Section 6 — Leave and Time Off

Paid Time Off (PTO)

Nexora offers an Open PTO policy for all employees at IC4 and above, meaning there is no fixed accrual limit. We trust you to take the time you need to perform at your best. As a guideline, most employees take between 15 and 25 days per year. Employees at IC1–IC3 accrue 18 days per year in year one, 20 days in year two, and 22 days from year three onwards.

PTO must be requested in Workday and approved by your manager. Requests of five or more consecutive days should be submitted at least two weeks in advance. Nexora does not pay out unused PTO upon separation in Open PTO jurisdictions, except where local law requires otherwise.

Public Holidays

In addition to PTO, employees observe the public holidays applicable in their country of employment. US employees observe 12 company holidays per year, including the full week between Christmas and New Year's Day. The full holiday calendar for each region is published on the people portal by 1 November each year.

Parental Leave

Nexora provides 16 weeks of fully paid parental leave for all parents — birth, adoptive, and foster — regardless of gender. The primary caregiver may take an additional 8 weeks at 60% pay. Leave may be taken in one continuous block or in two separate blocks within the first 12 months following birth or placement. Employees must have completed 6 months of employment to be eligible for paid parental leave. Shorter-tenured employees are entitled to unpaid leave.

Sick Leave

Nexora provides 10 paid sick days per year. Sick leave does not accrue and does not carry over. For absences of more than three consecutive days, a medical certificate may be required. Sick leave may be used for your own illness or to care for an immediate family member who is ill.

Bereavement Leave

Employees receive up to 5 paid days of bereavement leave following the death of an immediate family member (spouse, partner, child, parent, sibling). Up to 3 paid days are available for the death of a grandparent, grandchild, or parent-in-law. Additional unpaid leave may be approved by your manager at their discretion.

Jury Duty and Civic Leave

Nexora pays the difference between jury duty pay and your regular salary for up to 20 days of jury service. Employees called for jury duty should notify their manager and People Operations as soon as they receive the summons. Employees serving in elected civic roles may apply for up to 5 additional paid civic leave days per year.

Sabbatical

Employees who have completed five years of continuous service are eligible for a four-week paid sabbatical. The sabbatical may be used for personal development, travel, community work, or any purpose the employee chooses. It must be taken within the anniversary year and cannot be carried forward. A second sabbatical is available at the ten-year mark, extending to six weeks.

Section 7 — Work Hours, Remote Work, and Hybrid Policy

Standard Work Hours

Nexora's core collaboration hours are 10:00 AM to 4:00 PM in your local time zone. These are the hours during which you are expected to be available for meetings and synchronous communication. Outside core hours, we expect results, not clock-watching. Exempt employees are not eligible for overtime pay.

Hybrid Work Policy

Most roles at Nexora are Hybrid, meaning employees are expected in the office two to three days per week, with the specific days agreed with their manager and team. The default expectation for hybrid employees is Tuesday, Wednesday, and Thursday in-office unless a different schedule is agreed. Teams with cross-functional dependencies are encouraged to align their in-office days.

Remote Work Designation

Some roles are designated Remote, meaning there is no expectation of regular office attendance. Remote designation is noted in your offer letter. Employees wishing to change from Hybrid to Remote must submit a request to People Operations and receive approval from their manager and department head. Remote employees are expected to attend in-person team events at least twice per year, with travel covered by Nexora.

Working from Another Country

Working internationally (outside your country of employment) for more than 14 consecutive days requires advance approval from People Operations and Legal. This is due to tax, employment law, and visa compliance requirements. Approvals are evaluated on a case-by-case basis. Unapproved international working may create legal and tax liabilities for both the employee and Nexora.

Meeting Norms

- Default meeting length is 25 minutes (not 30) or 50 minutes (not 60). The extra five minutes are for transitions.
- Meetings must have a stated agenda to be accepted. No agenda, no attendance is a standing norm.
- The last Friday of every month is No Meeting Friday. No internal meetings are scheduled on this day.
- Cameras on is the default for video calls with fewer than 6 participants.

- Meeting notes and action items are published in the team channel within 24 hours of any meeting over 30 minutes.

Section 8 — Performance and Growth

Performance Review Cycle

Nexora conducts two formal review cycles per year: a mid-year check-in in July and a year-end review in December. The year-end review is the primary cycle and informs compensation decisions, promotions, and equity refresh grants. Mid-year reviews are developmental and do not directly affect compensation.

Rating Scale

Exceptional: Consistently exceeds all expectations. Operates at the next level. Rare.

Strong: Meets and regularly exceeds expectations. Solid, reliable, growing.

Developing: Meets most expectations but has clear areas for improvement. A normal place to be early in a role.

Not Meeting Expectations: Significant gaps against expectations. A Performance Improvement Plan (PIP) will be initiated.

Career Levels

Nexora uses a unified career framework across all functions. Individual Contributor (IC) tracks run from IC1 to IC6 (Staff). Management tracks run from M1 (Manager) to M5 (C-Suite). The criteria for each level — including scope, impact, autonomy, and skills — are documented in the Career Framework on the people portal.

Promotion Process

Promotions are considered once per year during the year-end cycle. To be considered, an employee must have: been at their current level for at least 12 months, received a rating of Strong or Exceptional in the most recent year-end review, and have a completed promotion packet submitted by their manager. Promotion packets are reviewed by a cross-functional calibration committee to ensure consistency.

Continuous Feedback

Formal reviews are complemented by continuous feedback through our 1:1 framework. All employees should have a weekly or bi-weekly 1:1 with their manager. The agenda template on the people portal includes a standing section for developmental feedback. Employees are encouraged to request peer feedback at any time using the Lattice platform.

Performance Improvement Plans

When performance falls significantly below expectations, People Operations and the manager will initiate a Performance Improvement Plan (PIP). A PIP is a 30 to 90-day structured programme with clear, measurable targets. A PIP is not a termination notice — it is a formal effort to help the employee succeed. Employees on a PIP should engage actively with the process and raise concerns directly with People Operations if they feel targets are unreasonable.

Section 9 — Code of Conduct

Our Standard of Behaviour

Every Nexora employee is expected to act with integrity, respect, and professionalism in all work contexts — including internal communications, external meetings, conferences, and company events. This standard applies regardless of seniority.

Conflicts of Interest

A conflict of interest exists when personal interests could interfere with your ability to act in Nexora's best interest. You must disclose and seek approval for the following situations:

- Holding a financial interest in a competitor, customer, or supplier
- Employment or consulting work for a competitor or customer outside Nexora
- A personal relationship with a direct or indirect report
- Involvement in a hiring decision where you have a personal relationship with the candidate
- Receiving gifts or entertainment exceeding USD 100 in value from a vendor or customer

Disclose potential conflicts to your manager and People Operations before they become actual conflicts. Failure to disclose is a conduct violation regardless of whether a conflict actually influenced your decisions.

Gifts and Entertainment Policy

Accepting gifts from vendors, customers, or partners is subject to these rules: gifts under USD 50 in value may be accepted and need not be disclosed. Gifts between USD 50 and USD 100 must be disclosed to your manager. Gifts over USD 100 must be declined or donated to charity with a receipt submitted to People Operations. Cash or cash-equivalent gifts (gift cards) may never be accepted regardless of value.

Social Media

Employees are free to maintain personal social media accounts. When posting about Nexora — including sharing opinions about the company, its products, or its competitors — you must make clear that you are speaking as an individual and not as a representative of Nexora. Do not share confidential information, unreleased product details, or customer information on personal channels. When in doubt, ask Marketing or Legal before posting.

Alcohol and Controlled Substances

Nexora does not prohibit the moderate consumption of alcohol at company events where alcohol is provided. Employees must not attend work or conduct business while impaired by alcohol or any controlled substance. Illegal drug use is prohibited at all Nexora locations and events. Violations of this

policy are grounds for immediate termination.

Reporting Violations

Employees who observe or suspect a violation of this code should report it through one of the following channels: their manager, People Operations (people@nexora.io), or the anonymous Ethics Hotline at ethics.nexora.io. Reports may be made anonymously. Nexora prohibits retaliation against any employee who reports a concern in good faith.

Section 10 — Equal Opportunity and Anti-Harassment

Equal Employment Opportunity

Nexora is an equal opportunity employer. We do not discriminate in hiring, compensation, promotion, or any other employment decision on the basis of race, colour, national origin, religion, sex, gender identity or expression, sexual orientation, age, disability, veteran status, marital status, or any other characteristic protected by applicable law.

Anti-Harassment Policy

Nexora maintains a strict policy against harassment in any form. Harassment includes unwelcome conduct — verbal, physical, or visual — that creates an intimidating, hostile, or offensive work environment. This policy covers all employees, contractors, customers, and visitors in any work context.

Examples of prohibited conduct include:

- Sexual comments, jokes, or advances
- Displaying or sharing offensive images or materials
- Derogatory comments about race, religion, gender, disability, or any protected characteristic
- Persistent unwanted contact via any communication channel
- Threats, intimidation, or bullying

Reporting Harassment

If you experience or witness harassment, you are encouraged to report it immediately to People Operations. Reports can also be made to any manager or through the anonymous Ethics Hotline. Every complaint will be investigated promptly and impartially. The complainant and respondent are both entitled to be heard. Substantiated violations will result in disciplinary action up to and including termination.

Workplace Accommodation

Nexora provides reasonable accommodations for employees with disabilities or religious requirements, consistent with applicable law. To request an accommodation, contact People Operations with a description of the accommodation needed. Medical documentation may be requested for disability accommodations. Decisions on accommodation requests are made within 10 business days.

Diversity, Equity, and Inclusion

Nexora publishes an annual Diversity Report covering representation data across gender, race/ethnicity (US only), and seniority. We have established employee resource groups (ERGs) for Women at Nexora, Nexora Pride, Nexora Mosaic (BIPOC employees), Nexora Able (employees with disabilities), and Nexora Parents. ERGs are open to all employees as members or allies.

Section 11 — Health, Safety, and Wellbeing

Workplace Safety

Nexora maintains safe working conditions in all its offices in compliance with applicable health and safety regulations. Each office has a designated Safety Officer responsible for maintaining safety equipment, conducting fire drills twice per year, and ensuring compliance with local regulations. Employees are expected to follow all posted safety instructions and report hazards promptly.

Ergonomics

All office locations offer sit-stand desks, ergonomic chairs, and monitor arms as standard equipment. Employees experiencing discomfort related to their workstation should contact Office Operations for an ergonomic assessment at no cost. Remote employees may use their Home Office Stipend for ergonomic equipment.

Emergency Procedures

In the event of a fire or evacuation, follow the emergency exit signs to your office's designated assembly point. Do not use lifts during an emergency evacuation. Emergency contacts and assembly point locations are posted at every office entrance. Account for all team members at the assembly point and report to your floor warden.

Incident Reporting

Any workplace accident, injury, or near-miss must be reported to Office Operations and People Operations within 24 hours. Reports are used to prevent future incidents, not to assign blame. Medical treatment for workplace injuries is covered by Nexora regardless of who is at fault.

Mental Health and Burnout

Nexora takes employee wellbeing seriously. If you are experiencing burnout, anxiety, or mental health challenges, we encourage you to: speak with your manager about workload, access Lyra Health for confidential support, use your PTO proactively, or contact People Operations for additional resources. Managers are trained to recognise signs of burnout and to respond with empathy rather than performance management.

Section 12 — Data Privacy and Confidentiality

Confidential Information

In the course of your work at Nexora you will have access to information that is proprietary, sensitive, or confidential. This includes but is not limited to: product roadmaps, source code, financial results before public release, customer data, employee personal data, commercial terms with partners, and strategic plans. You must not share, copy, or use this information outside the scope of your work role.

Non-Disclosure

All employees sign a Non-Disclosure Agreement (NDA) as part of their employment agreement. The NDA remains in effect during your employment and for two years after your last day. If you are uncertain whether specific information is covered by your NDA, treat it as confidential and consult Legal before disclosing it.

Customer Data

Customer data is processed strictly for the purpose of delivering Nexora's services. Employees must not access customer data outside of their specific job requirements, and must not use customer data for personal purposes. Unauthorised access to customer data is a serious violation and will result in disciplinary action, which may include termination and legal referral.

GDPR and Global Privacy Compliance

Nexora processes personal data in compliance with the EU General Data Protection Regulation (GDPR), the UK Data Protection Act 2018, and applicable privacy laws in all jurisdictions. Employees who process personal data must complete the mandatory Privacy Fundamentals training, available in the Nexora Learning Portal. This training must be completed within 30 days of joining and refreshed annually.

Handling Employee Personal Data

Nexora collects and processes your personal data for employment administration purposes. A full description of what data we hold, why we hold it, and your rights as a data subject is available in the Nexora Employee Privacy Notice on the people portal. You have the right to access, correct, and in certain circumstances delete your personal data held by Nexora.

Section 13 — Technology and Acceptable Use

Company Equipment

Nexora provides every employee with a laptop computer and necessary peripherals. Equipment remains the property of Nexora and must be returned in good condition on your last day of employment. You are responsible for taking reasonable care of company equipment. Accidental damage should be reported to IT promptly. Intentional damage or negligence may result in a charge to the employee.

Acceptable Use

Company devices and network access are provided for business use. Incidental personal use is acceptable provided it does not interfere with work performance, consume significant IT resources, or involve prohibited content. Prohibited uses include:

- Accessing, downloading, or sharing illegal content
- Using company systems for personal commercial gain
- Attempting to access systems or data outside your authorisation
- Installing unlicensed software on company devices
- Circumventing security controls or VPN requirements

Software and AI Tools

The use of AI tools (including generative AI assistants) in your work is permitted and encouraged within these guidelines: do not input confidential customer data into public AI tools; do not input proprietary source code into unapproved AI services; review all AI-generated output before using it in deliverables; disclose AI assistance in externally shared documents where relevant. The approved list of AI tools is maintained by the CTO's office.

Information Security

Every employee plays a role in Nexora's information security. Minimum requirements include: using a strong unique password for all work accounts, enabling multi-factor authentication (MFA) on all Nexora systems, locking your screen when stepping away from your device, and reporting suspicious emails or messages to security@nexora.io immediately without clicking any links. Security awareness training is mandatory and must be completed annually.

Section 14 — Travel and Expenses

Business Travel

All business travel must be booked through TripActions, Nexora's approved travel platform. Booking outside TripActions requires prior approval from your manager and Finance. TripActions provides access to negotiated rates for flights, hotels, and ground transport.

Travel Class Policy

Flight Duration	Permitted Class
Under 4 hours	Economy
4–8 hours	Economy (Premium Economy with manager approval)
Over 8 hours	Business Class
VP and above, any duration	Business Class

Hotel and Accommodation

Hotel stays should be booked through TripActions. The nightly limit is USD 250 in standard cities and USD 350 in high-cost cities (New York, San Francisco, London, Tokyo, Singapore). Stays exceeding these limits require manager approval. Airbnb and similar services are not reimbursable unless TripActions has no available options at the relevant date.

Meals and Per Diem

When travelling on business, meals are reimbursed up to USD 75 per day (breakfast USD 15, lunch USD 20, dinner USD 40). Alcohol is reimbursable up to USD 20 per day when entertaining clients or in a business dinner context. Meal receipts must be itemised. Lavish or unnecessary meals will be denied.

Expense Reporting

Expenses must be submitted in Workday within 30 days of the expense date. Receipts are required for all expenses over USD 25. Expenses submitted without receipts will be denied unless a written explanation is provided. Approved expenses are reimbursed in the next payroll cycle. Persistent late or incomplete submissions may result in delayed reimbursement.

Section 15 — Offboarding and Separation

Resignation

To resign from Nexora, submit written notice to your manager and People Operations by email. The standard notice period is two weeks for IC1–IC4, four weeks for IC5 and above and all management levels, and as specified in your employment contract if different. Nexora may choose to place a resigning employee on garden leave during the notice period.

Exit Interview

People Operations will schedule an exit interview during your notice period. Participation is voluntary but strongly encouraged. Feedback from exit interviews is anonymised and used to improve Nexora as a workplace. You may also submit written feedback if you prefer not to speak with someone.

Return of Property

On or before your last day, you must return all Nexora property including: laptop and peripherals, security access cards and office keys, and any physical documents or materials belonging to Nexora. Failure to return equipment may result in the cost being deducted from your final paycheck, subject to applicable law.

Final Paycheck

Your final paycheck will include all earned salary through your last day of employment. Accrued but untaken PTO will be paid out where required by law. Expense reimbursements submitted before your last day will be processed in the final paycheck. Outstanding advances or overpayments may be deducted with your written agreement.

Benefits Continuation

US employees: Health insurance coverage ends on the last day of the month in which employment ends. You are eligible for COBRA continuation coverage. People Operations will provide COBRA information within 14 days of your separation. 401(k) vested balances remain yours and may be rolled over to a personal IRA or a new employer's plan.

References

Nexora's standard policy is to confirm dates of employment and job title only when contacted for a reference. People Operations handles all reference requests. Personal references from individual managers are permitted on the individual's own time and do not represent Nexora officially.

Section 16 — Acknowledgement

Please sign and return this page to People Operations within five business days of receiving this handbook. A signed copy will be retained in your employment file.

I, the undersigned, confirm that I have received and read the Nexora Technologies Employee Handbook (2024 Edition, Version 3.1). I understand that this handbook describes important information about my employment and that I am responsible for reading and complying with its policies.

I understand that this handbook does not constitute an employment contract and that Nexora may update policies at any time with reasonable notice. I agree to review updates when notified and to seek clarification from People Operations if I have questions about any policy.
